

**APPLICATION TO PARK AN OVERWEIGHT VEHICLE  
 ON PRIVATE PROPERTY IN A RESIDENTIAL ZONE**

**BACKGROUND**

The City does not allow the parking of any overweight vehicle on a City street or alley overnight. A City permit is needed to park a vehicle exceeding 15,000 pounds gross weight on private property in Residential Zones. The City restricts weight allowances to protect underground utilities, road surfaces, public safety, and the integrity of the neighborhoods; excessive rolling loads present many hazards. The Planning Commission, per RMC 10.56.070, will review applications and forward recommendation to the City Council for action. Property owners within 200 feet of the requested parking site must sign this application prior to submittal.

**PACKET REQUIREMENTS**

- Application – One per each overweight vehicle
- Site Map – Showing proposed parking location and right-of-way to be used

**PETITIONER INFORMATION**

Name \_\_\_\_\_ Phone Number \_\_\_\_\_

Address \_\_\_\_\_

Parking Location (if different) \_\_\_\_\_

Right-of-Way used for ingress/egress to Parking Site \_\_\_\_\_

Signature \_\_\_\_\_ Date \_\_\_\_\_

**CONCURRENCE OF ABUTTING PROPERTY OWNERS** (Attach additional sheets if necessary)

I (we), the undersigned, support the applicant’s proposal to park an overweight vehicle on private property in my (our) neighborhood. I (we) am (are) aware that approval remains with the City, independently of my (our) signature(s).
