

12/15/23

Please be advised, we have updated our utility discount program.

Due to the uprise in needs for this program in our community, we have removed the age restriction for our utility discount program which will provide the opportunity for more individuals in our community to utilize this program. Because of this change, we ultimately had to adjust the percentages that will be discounted from each household's utility bill.

The new percentages and their corresponding income ranges are listed below:

<b><u>Total Household Income:</u></b>	<b><u>Discount:</u></b>
○ \$24,861 - \$33,400	10%
○ \$17,551 - \$24,860	25%
○ \$17,550 & under	40%

Please remember that this adjustment was made in an effort to help more of our community members as we know this can be a difficult time for many.

To apply for the utility discount, please complete the utility discount application and submit with corresponding documentation to Raymond City Hall.
