WHAT IS YOUR CHILD'S CURRENT SWIM LEVEL?

BABY & ME - Baby and me swim classes are a chance for parents and babies to bond, play, and learn positive associations with water. These classes are also known as Mommy and Me or Daddy and Me lessons. They typically focus on parent-child bonding and establishing comfort in the water. Instructors use songs and other activities to create an interactive learning environment. Babies may learn to associate swimming with positive events, making them more willing to try new things and retain their skills.
